AUTHOR	Fredriksen, John C., Comp.
TITLE	Resource Guide for the War of 1812.
PUB DATE	79
NOTE	165p.
EDRS PRICE	MF01 Plus Postage. PC Not Available from EDRS.
DESCRIPTORS	Higher Education; Resource Materials; Secondary Education; *United States History; *War
IDENTIFIERS	*Military History; *War of 1812

ABSTRACT

This bibliography cites print materials dealing with the War of 1812. Textbooks, papers, journal articles, primary source materials, and manuscripts are listed. The bibliography is organized by the following 13 sections: General Texts; West and Northwest Frontier; Lake Erie; Niagara Frontier and Lake Ontario; The St. Lawrence and Lake Champlain; The Atlantic Seaboard; Chesapeake Bay; The South; The War at Sea; Politics and Peace; Military and Biographical; Indians; and Prisoners of War. Also included is a description of United States and British and Canadian regiments in the war and a chronology of the war on land and sea. (Author/RM)

Chronology of War on Land and Sea 153

INTRODUCTION

The reasons for a complete lack of a bibliography on the War of 1812 have never been sufficiently explained or explored. This conflict, while undistinguished in the annals of military history save for blundering, was crucial to the development and maturation of the United States and Canada both as nations and as neighbors. Yet, it remains an unpopular subject, little expounded on and seemingly imprisoned to the backwaters of American history. By comparison, the Revolutionary, Mexican and Civil wars enjoy the utility of not one bibliographic guide, but several. This oversight cannot be attributed to sparsity as materials on 1812, both printed and primary, are neither inconsiderable or in short supply. Historically, as a national crisis, the war has been overshadowed by conflicts more encompassing, popular and decisive; everything 1812 was not. It is perhaps because of this "Mr. Madison's War" has endured the scorn of bibliographers as well as historians. Until now.

I compiled the War of 1812 Resource Guide with a view towards eliminating the time, expense and frustration associated with researching it. To this end I made it as simple, yet comprehensive, as latent talents would allow. Now, virtually any aspect of the war; military, naval or political, will be at the fingertips of prospective historians, student and scholar alike. I anticipate the Resource Guide will go far to ease and promote research on the War of 1812 and perhaps rekindle a general interest. If it fosters a true appreciation of the friendly open borders the United States and Canada share and so often take for granted, this work has exceeded the author's highest expectations.

I am deeply grateful to Prof. Daniel Howe of the UCLA History department for his help in obtaining a fellowship.

Special thanks go out to Mr. David Russell and the Archives of Ontario staff for their exemplary assistance, patience and time.
